

SwitchGravity._ActionOnAir

SwitchGravity._ActionOnGround

SwitchGravity.invertGravity

```
graph LR; A[SwitchGravity._ActionOnAir] --> C[SwitchGravity.invertGravity]; B[SwitchGravity._ActionOnGround] --> C;
```

The diagram illustrates a mapping or inheritance relationship. On the left, there are two separate boxes: 'SwitchGravity._ActionOnAir' (top) and 'SwitchGravity._ActionOnGround' (bottom). On the right, there is a single box labeled 'SwitchGravity.invertGravity'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box, indicating that both '_ActionOnAir' and '_ActionOnGround' are associated with or mapped to the 'invertGravity' method.
